Facility Maintenance Engineer with hands-on experience in electrical systems and Building Automation Systems (BAS). Currently working with electrical power distribution, solar rooftop, BESS, and basic automation systems. Interested in developing skills in BAS/BMS and system integration by combining field engineering experience with basic Python programming.

Skills & Proficiencies

- Building Automation System (BAS)
 - Electrical Systems: MDB, DB, Solar Rooftop, BESS
 - PLC (basic): Mitsubishi, Siemens, Omron
 - Python (basic): data processing, automation scripts
 - Electrical troubleshooting & maintenance
-

Experiences

Amita Technology (Thailand)

Electrical Engineer - Facility Maintenance Engineer

Chachoengsao, Bang Pakong

Nov 2023 – Present

- Maintain and inspect electrical systems including MDB, DB, Solar Rooftop, and BESS
- Support basic Building Automation System (BAS) monitoring and troubleshooting.
- Perform preventive maintenance and respond to electrical system faults
- Support operation and basic maintenance of HVAC systems such as AHU, ventilation fans, and related control panel

Bang Pakong Power Plant

Instrumentation Engineer Intern – Instrumentation Maintenance

Chachoengsao, Bang Pakong

May – July 2022

- Assisted in instrumentation maintenance work in power plant environment
- Learned turbine supervisory instrumentation system and CEMS
- Supported calibration and routine inspection tasks

Bang Pakong Power Plant

Electrical maintenance Technician Intern – Electrical Maintenance

Chachoengsao, Bang Pakong

May 2020 – Feb 2021

- Assisted in electrical maintenance and calibration work
- Learned power plant operation and electrical safety procedures

DENSO (Thailand)

Technician Intern – Facility & Utility

Chachoengsao, Bang Pakong

May 2015 – Feb 2016

- Supported facility and utility system maintenance inside the factory
-

Education

King Mongkut's University of Technology North Bangkok

Bachelor of Instrumentation System Engineer, 2.93 GPA

Bangkok, Thailand

May 2021 – Jun 2024

Chulabhorn Technical College (Ladkwang)

Diploma of Vocational Education in Electrical Power, 3.70 GPA

Chachoengsao, Ladkwang

May 2018 – Mar 2020
